

SMT TECHNOLOGIES SDN BHD

Company Registration No. 199301024828 (279566-X)

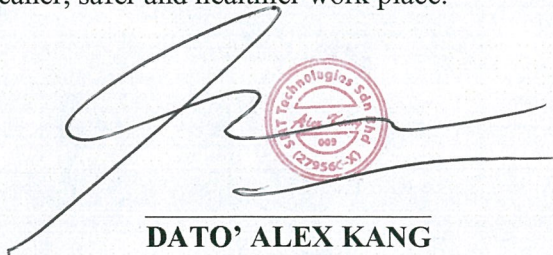

ENVIRONMENTAL SAFETY AND HEALTH POLICY

SMT Technologies Sdn Bhd, an electronics manufacturing services providing company, is committed to protect, prevent and continue to improve the Environmental, Safety and Health System (ESH). The implementation of this policy is the responsibility of the employees, trainees, external providers, stake holder and visitors (interested parties)

SMT Technologies Sdn Bhd is committed to:

- Comply with all relevant ESH legal and other requirements.
- Create ESH awareness and training among the interested parties.
- Communicate ESH policy and objectives to the interested parties.
- Conservation of natural resources via promotion of the 3R concept (Reduce, Reuse, Recycle)
- Promote the use of environmental friendly, safe and healthy product in our processes.
- Protect the environment by reducing and preventing potential Environmental Pollution
- Control issues related to ESH effectively with minimum cost.
- Protect employees from ESH impacts, hazards and risks.
- Practice 3R concept in Occupational Safety & Health Management (Recognizing Hazards, Risk Identification & Assessment, Risk Control).
- Continue to improve the ESH management system and enhance ESH performance.

We shall strive to achieve the Environmental, Safety and Health policy and objectives in the best effort to create a cleaner, safer and healthier work place.
